

Summary of the Pacific Community's 2015 work programme in American Samoa

(November 2015 update)

The following table lists key work areas that SPC is undertaking in 2015 in cooperation with American Samoa. The country-specific work listed here complements other SPC work undertaken at a regional level to benefit the people of American Samoa and achieve its national development priorities. SPC's key regional work will be presented in its next Programme Results Report (to be published in May 2016).

SPC’s expected contribution to national development goals			
Expected long-term result (impact)	Expected medium-term result (outcome)	Key outputs for the year	Status
<i>The Pacific region and its people benefit from inclusive and sustainable economic growth</i>			
Fisheries, Aquaculture and Marine Ecosystems			
Increased contribution of fisheries to food security and livelihoods	Improved capacity for subsistence, artisanal, sport and industrial fishing activities within the sustainable production level	Strengthened fish aggregating device (FAD) programme	Completed
