

## Summary of the Pacific Community's 2015 work programme in

## **Cook Islands**

(November 2015 update)

The following table lists key work areas that SPC is undertaking in 2015 in cooperation with Cook Islands. The country-specific work listed here complements other SPC work undertaken at a regional level to benefit the people of Cook Islands and achieve its national development priorities. SPC's key regional work will be presented in its next Programme Results Report (to be published in May 2016).

| SPC's expected contribution to national development goals  |  |   |           |  |  |  |  |
|--|--|---|-----------|--|--|--|--|
| Expected long-term result (impact)   | Expected medium-term result (outcome)  | Key outputs for the year  | Status    |  |  |  |  |
|  | Pacific communities are empowered and resilient  |   |           |  |  |  |  |
|  | Fisheries, Aquaculture and   | Marine Ecosystems   |           |  |  |  |  |
| Improved management of coastal fisheries   | Enhanced coastal fisheries management policies and systems<br>based, where possible, on scientific assessments of the status<br>of national coastal marine resources | Age, growth and genetic parameters determined for a selection of coastal finfish;<br>Samples collected and analysis underway  | On Track  |  |  |  |  |
|  |  | Baseline assessments and monitoring report completed for the aquarium trade;<br>Capacity development, including training attachment at SPC headquarters,<br>provided                          | Completed |  |  |  |  |
| Increased contribution of fisheries to food security and livelihoods   | Competent authorities with strengthened capability using science-based approaches to manage aquatic biosecurity risks and to facilitate trade                        | Report on the current status of viral pathogens in macrobrachium prawns completed to assess biosecurity implications  | On Track  |  |  |  |  |
|  | Increased skills and knowledge base to maximise the return on investments in aquaculture   | Technical training provided to improve skills and knowledge in sea cucumber aquaculture   | On Track  |  |  |  |  |
|  | Climate Cha  | nge   |           |  |  |  |  |
| Strengthened resilience to climate change<br>and disasters   | Increased capacity to effectively manage the risks posed by climate change and disasters   | Activity management system implemented across government; Refresher training on the logical framework approach provided, and the impact of training assessed                                  | On Track  |  |  |  |  |
|  |  | Feasibility study conducted of appropriate marine resource-related livelihood<br>activities in Penrhyn, Rakahanga, Pukapuka and Palmerston, in light of<br>changing climate                   | On Track  |  |  |  |  |
|  |  | Community engaged in implementing the pearl farming management plan   | On Track  |  |  |  |  |
|  |  | Awareness and understanding of the results from environmental monitoring<br>of the lagoon system advanced through weekly updates on notice boards and<br>mobile phone alerts to pearl farmers | On Track  |  |  |  |  |
|  |  | Environmental monitoring system strengthened, especially in Manihiki, through training and on-the-job installation  | On Track  |  |  |  |  |
|  | Land Resour  | rces  |           |  |  |  |  |
| Informed policy decisions, advocacy<br>and knowledge-sharing on sustainable<br>land, agriculture and forestry<br>development supported | Awareness and understanding of key issues relating to land, agriculture and forestry enhanced  | Information knowledge management and social media training conducted for agriculture and forestry information   | On Track  |  |  |  |  |
|  |  | National training on extension material production provided on request  | Ongoing   |  |  |  |  |

## Cook Islands – SPC work Programme

## 01/01/2015-31/12/2015

|  | SPC's expected contribution to na   | tional development goals   |           |
|--|---|--|-----------|
| Expected long-term result (impact)   | Expected medium-term result (outcome)   | Key outputs for the year   | Status    |
|  | Pacific Island people reach their potentia  | l and lead long and healthy lives  |           |
|  | Gender, Human Right   | s and Culture  |           |
| Increased development potential of<br>Pacific Island people in culture and<br>empowerment of women and young<br>people | Integrated approach to human development fostered at regional and national levels   | Mainstreaming of gender statistics and sex-disaggregated data in the national<br>strategy for the development of statistics; Launch of gender statistics profile<br>and policy implications brochure; Technical assistance provided to increase<br>capacity to use gender statistics for informed policy-making and monitoring and<br>evaluation | On Track  |
|  |   | Technical assistance provided for the release of annual statistics on police complaints and investigations by Cook Islands Police Force  | On Track  |
|  |   | Mid-term review of the national policy on Gender Equality and Women's Empowerment completed; Progress and acceleration measures identified   | Completed |
|  |   | Bi-annual health statistics digest includes gender-sensitive indicators and sex-<br>disaggregated statistics   | On Track  |
|  |   | Gender mainstreaming handbook to implement gender mainstreaming customised for the public service  | On Track  |
|  | The Pacific region and its people benefit from incl   | lusive and sustainable economic growth   |           |
|  | Energy Servi  | ices   |           |
| Sustainable economic development<br>through accessible, affordable, efficient,<br>secure and safe energy services      | Development and implementation of effective policies, plans<br>and regulatory frameworks supported                                      | Implementation of labelling and standards for selected electrical appliances   | On Track  |
|  | Strengthened institutions and expertise in the energy sector  | Technical vocational educational and training (TVET) need and gap analysis conducted   | Completed |
|  | Improved access to affordable and efficient energy and transport services   | Supported Cook Islands' '50 days for 50 years' anniversary bicycle campaign;<br>Promoted clean, green and healthy environment and people   | On Track  |
|  | Fisheries, Aquaculture and  | Marine Ecosystems  |           |
| Improved management of oceanic<br>fisheries  | Enhanced national capacity in oceanic fishery data management and data use  | National tuna fishery data management staff trained in using tuna fisheries database management system (TUFMAN-2); New TUFMAN-2 system installed and trialled  | On Track  |
|  | Enhanced national oceanic fishery data management to meet national requirements and international obligations                           | Data quality and coverage audits of tuna fishery data (logsheet, unloading and port sampling) conducted according to established procedures and agreed schedule, and outcomes of audits conveyed   | On Track  |
|  | National tuna oceanic fisheries policy- and decision-making<br>are informed by the best, science-based, stock assessments<br>and advice | Report on fish aggregating device (FAD) closures updated   | Completed |
|  |   | Reports of longline fishing performance in the southern longline fishery produced  | On Track  |

| SPC's expected contribution to national development goals   |  |  |           |  |
|---|--|--|-----------|--|
| Expected long-term result (impact)  | Expected medium-term result (outcome)  | Key outputs for the year   | Status    |  |
|   | Land Resour  | rces   |           |  |
| Increased contribution from agriculture<br>and forestry sectors to inclusive, broad-<br>based economic growth | Increased availability of, and better access to, traditional and improved crop and animal diversity  | Pig and chicken genetic resources and conservation activities developed  | On Track  |  |
|   | Increased capacity of Pacific Island countries and territories<br>(PICTs) to meet standards, guidelines and conditions for<br>exports and domestic trade | Technical advice provided on the development of import risk assessment for<br>livestock and livestock products; Importation of livestock products from the<br>United States  | Completed |  |
|   |  | Fruit fly surveillance support - provided chemicals, traps and technical advisory backstopping   | On Track  |  |
|   |  | Technical assistance provided in the area of biosecurity legislation and regulations; Draft biosecurity regulation given to the National Plant Protection Organisation (NPPO)  | Completed |  |
|   |  | Market access support provided on areas of audit and negotiations for selected priority commodities; Kalang Report: country consultation has been completed  | On Track  |  |
|   |  | Pest diagnostic support provided   | On Track  |  |
|   |  | Technical assistance provided to submit and negotiate market access requests<br>based on scientific evidence; Payment of annual audit for Chinese organic<br>certification of Noni from Cook Islands to China  | Ongoing   |  |
|   |  | Technical assistance provided to undertake crop surveillance   | On Track  |  |
|   | Increased capacity of sustainable land and forest management   | Conservation and multiplication sites for indigenous pigs and chickens identified and established  | Completed |  |
|   |  | Participatory rural appraisal completed to inform future project interventions   | On Track  |  |
|   | Viable agribusinesses have a development impact created or strengthened  | Survey undertaken to determine usefulness of strategic and inclusive business and marketing plans, and strategies developed for enterprises  | Completed |  |
|   |  | Local businesses assisted to obtain food safety certification (Hazardous<br>Ananlysis Critical Control Points (HACCP) and/or ISO) and product labelling<br>appropriate to their targeted markets; Quality assurance manual completed for<br>the True Pacific brand       | On Track  |  |
|   |  | Training provided to enterprises to ensure supply of competitive products;<br>Advised on process flow system, equipment, infrastructure design complying<br>with HACCP, process methods, packaging and labelling, and HACCP-compliant<br>kitchens and processing centres | On Track  |  |

| SPC's expected contribution to national development goals  |   |  |           |  |  |
|--|---|--|-----------|--|--|
| Expected long-term result (impact)   | Expected medium-term result (outcome)   | Key outputs for the year   | Status    |  |  |
|  | Statistics for Deve   | elopment   |           |  |  |
| Pacific national and regional statistics are accessible and are being utilised                                       | PICTS are producing the agreed core set of statistics across<br>key sectors, including, but not limited to, economics,<br>population, civil regional and vital statistics, education<br>and health, as required by their national plans and agreed<br>regional and international reporting frameworks | National websites completed and upgraded with the latest technologies  | On Track  |  |  |
|  | PICTs have the technical capacity to manage and implement<br>all core statistical collections, including key administrative<br>databases, as required by national development plans,<br>including national strategies for the development of statistics   | Household Income and Expenditure Survey (HIES) field enumeration training<br>completed for Cook Islands 2015/2016; HIES plans and budgets agreed; HIES data<br>entry system set up completed | On Track  |  |  |
|  | Transport Ser   | vices  |           |  |  |
| Sustainable economic development<br>through accessible, affordable, efficient,<br>secure and safe transport services | Development and implementation of effective policies, plans<br>and regulatory frameworks supported  | Maritime designated authority initial audit conducted; Quality systems processes and procedures assistance provided to port authority  | Completed |  |  |
|  |   | Aitutaki port facility International Ship and Port Facility Security (ISPS) code follow-up audit conducted   | Completed |  |  |
|  | Strong leadership in the Pacific's transport sector, with<br>good governance, effective multi-sectoral coordination and<br>strategic partnerships, including monitoring and evaluation  | Conducted port worker training for Aitutaki ports staff - 10 port personnel trained  | Completed |  |  |
