

Summary of the Pacific Community's 2015 work programme in

Tokelau

(November 2015 update)

The following table lists key work areas that SPC is undertaking in 2015 in cooperation with Tokelau. The country-specific work listed here complements other SPC work undertaken at a regional level to benefit the people of Tokelau and achieve its national development priorities. SPC's key regional work will be presented in its next Programme Results Report (to be published in May 2016).

SPC's expected contribution to national development goals			
Expected long-term result (impact)	Expected medium-term result (outcome)	Key outputs for the year	Status
<i>Pacific Island people reach their potential and lead long and healthy lives</i>			
Education and Quality Assessment Programme			
Improved quality of education	Improved teacher and principal performance	Capacity of education officers, teachers and school leaders enhanced - classroom-based assessment	On Track
		Consultation conducted and report prepared on establishing criteria for registration and licensing of professionals, and capacity building on referencing individual qualifications against the Pacific Qualification Framework	On Track
	Provision of high-quality programmatic technical services and policy advice	Pacific Register of Qualifications database updated with: (i) accredited qualifications, (ii) registered institutions, (iii) professional associations and members, (iv) accrediting agencies, and (v) regional standards in education	On Track
	Raising student's literacy and numeracy	Technical assistance provided for the assessment and monitoring of literacy, numeracy and life skills in the Pacific	On Track
	Strengthening national accreditation and assessment systems	Capacity of education officers, teachers and school leaders enhanced in improving the quality of regional qualifications and in supporting the process of national examinations	On Track
		Referencing of national qualifications frameworks against the Pacific Qualification Framework; Referencing reports and quality assurance reports on agencies compiled	On Track
Water and Sanitation			
Increased access to safe drinking water and basic sanitation	Natural resources developed and managed, and governance strengthened	Toolkit on drinking water, safety planning and water, sanitation and hygiene (WASH) developed in local language for dissemination and use - WASH training of trainers guide developed and used as resource material for trained participants	On Track
		Review of options for water quality monitoring completed and recommendations delivered; Water quality scoping mission undertaken; Tokelau Water Quality Monitoring Programme Report developed for Government and stakeholder consideration	On Track
	Natural resources, systems, and processes monitored and assessed	Water resources monitoring and assessment for longer-term water security strengthened; Two manual rain gauges and one automatic rain gauge installed across three atolls, and local meteorological and environment staff trained in installation and use	Completed
	Vulnerability and risks managed	Geographic Information System (GIS) established and relevant staff trained and familiar with the systems for ongoing use; GIS survey to map rainwater harvesting systems; Community storage tanks and priority infrastructure completed and provided to relevant officials	On Track
		National water, sanitation, and climate outlook drafted - to be developed as part of a broader water policy process	On Track

SPC's expected contribution to national development goals			
Expected long-term result (impact)	Expected medium-term result (outcome)	Key outputs for the year	Status
<i>The Pacific region and its people benefit from inclusive and sustainable economic growth</i>			
Fisheries, Aquaculture and Marine Ecosystems			
Improved management of oceanic fisheries	National tuna oceanic fisheries policy- and decision-making are informed by the best, science-based, stock assessments and advice	Reports of longline fishing performance in the southern longline fishery produced	On Track
		Report on fish aggregating device (FAD) closures updated	Completed
Land Resources			
Increased contribution from agriculture and forestry sectors to inclusive, broad-based economic growth	Increased capacity of Pacific Island countries and territories (PICTs) to meet standards, guidelines, and conditions for exports and domestic trade	Ant surveillance support provided	On Track
		Pest incursion response support provided and plans developed; Provided fruit fly traps and updated fruit fly status; Provided advisory on biosecurity, border control and pest management	On Track
Statistics for Development			
Pacific national and regional statistics are accessible and are being utilised	PICTs have the technical capacity to manage and implement all core statistical collections, including key administrative databases, as required by national development plans, including national strategies for the development of statistics	Computers set up for the Household Income and Expenditure Survey (HIES) field enumeration training for Tokelau in 2015/2016	Completed
